POLY THEATRE

Beginning this morning tickets for a Friday night performance of *Shirley Holmes* by the Poly Players will be on sale at the Bill Block, where they may be purchased at any time before 6 o'clock on the evening of the performance. This night, Friday, Jan. 12, will be the first of the series at the theatre and the club will receive a percentage of the proceeds from the *Shirley Holmes* performance. This arrangement is made by the management of the theatre to assist the club in raising a fund of \$1,000. This afternoon the Poly Players will hold their second reception of the season on the stage after the matinee and they will endeavor to entertain their friends socially for a half hour. Beginning next week it has been decided to accede to the many requests that have been received and to serve the front part of the orchestra for the matinee performances. Twelve rows will be reserved, taking all the seats in the orchestra circle. The balance of the seats will remain as at present, 10 cents to the last row. The last four performances of the season will be given by the Poly Players and the club will be presented today and tomorrow.

SUCCESSFUL CORN GROWER.

L. S. White of Granby Got Valuable Prizes Last Season.

Probably no grower of corn in Connecticut has a record to equal that made by L. S. White of Granby this season. He raised a record crop under the terms laid down in the Bowler contest and received a second prize of \$25 in 1909. This did not end the prize winning for Mr. White. His corn was the best grown in the state of Connecticut and as a result he received a subscription to a well known agricultural journal and cash prizes of \$25 from the Connecticut State Agricultural association and \$100 from the Connecticut State grange. Cash prizes of \$200 together with the trophy that was produced, making the product of this acre of land more valuable than if it had been planted to any crop that is grown in this latitude.
